PeopleLink Quad Speakerphone 6

The **Quad Speakerphone 6** is a professional HD USB speakerphone designed for small to medium conference rooms. With Bluetooth connectivity, it easily links to multiple devices, reducing cabling and enabling quick, efficient video and web conferencing. Its clear audio ensures every participant can hear and be heard with ease.

For larger rooms, the Quad Speakerphone 6 supports an extension unit equipped with its own speaker and microphone. Both units work together seamlessly, doubling room coverage and maintaining perfectly synchronized audio.

With a sleek design and intuitive LED indicators, the Quad 6 Series is simple to operate. Its long-lasting 3.7V / 5200mAh battery provides extended talk time, making it a reliable choice for professional meetings.
